

Foundation Grant ManagerSM

NPower's **Foundation Grant ManagerSM** is an online database solution developed to streamline philanthropic workflows.

Organize and Track Your Entire Workflow

With Grant Manager, you can manage all your grantmaking activity, from initial inquiries to final reports, from a single, customizable dashboard.

Increase Your Efficiency

Grant Manager's integrated web portal offers automatic pre-qualification and filtering tools to eliminate the time you spend responding to inquiries from ineligible organizations. In addition, robust reporting features generate the information you need in seconds, not hours.

Customize to Your Specifications

An optimal balance of customizable features and foundation best practices generates an unbeatable database experience for program officers, applicants and grantees.

Leave Room To Grow

By leveraging robust, extensible, market-leading platforms like Salesforce.Com CRM and Microsoft Office, we've made it easy to continue adapting Grant Manager to meet your evolving programs and needs.

To learn more, visit NPower at www.npower.org/fgm or call **212-564-7010**, and press "1" after the voice prompt, and we'll schedule a free online demonstration.
